Try it yourself for . . .

- Arthritic Pain
 - Joint and Muscle Pain
 - Cramps in Legs, Feet, & Arms
 - Swollen Ankles, Legs, Wrists, and Hands
 - Menstrual Cramps, Headaches, Insect Bites
- . . . and much more!

This patented pain formula is a liquid lotion that is applied topically to the area where there is pain. The ingredients in Kegler's are thought to deplete Substance P, a polypeptide neurotransmitter, thereby stopping pain signals from reaching the thalamus region of the brain.

PUT SOME KEGLERS ON IT "It's Good For Ails Ya"

(Use Cotton Balls or Cotton Swabs To Apply)

- **For Arthritic Pain (hand):** Apply liberally to hand, (avoid rubbing/contact with eyes after applications).
- **For Headaches:** The forehead is swiped with a damp cotton ball from brow to brow (avoid contact with eyes).
- **For Migraines:** Applied with a damp cotton ball across brow, or directly to the pain site and sometimes on the top of the head.
- **For Menstrual Cramps:** Swipe below belly-button from side to side.
- **For Toothaches:** Swipe the exterior side of jaw. Has been applied to gums.
- **For Swelling:** Applied liberally to region (normally reduced swelling in 30 min.).
- **For Back, Neck and Joint Pains:** Apply liberally to site/region (allow to soak-in).
- **For Insect Bites:** Applied directly to site. Product will sting slightly if the bite area has been scratched or is raw.
- **For Burns, Scrapes, Bruises, Minor Cuts:** Apply to the site (lotion may sting, then pain will stop) seems to help the healing process.

Note: Some people report they have used the lotion (diluted) for "Throat Gargle" with interesting results.
